Dear State Delegates:

As the campaign whirlwind draws to a close, I want to personally thank all of the wonderful Utahans that have opened their hearts and extended friendship and support. I wish that I had the chance to meet and speak with each of you individually. This truly is a great state that deserves an even better future for our children.

Over the past several weeks hundreds have expressed to me their concerns about our financial future, including the issue of **illegal immigration**. I endorse the Utah County Republican Party Platform, which supports:

- Reforming the federal immigration system to ensure that it is legal, safe, orderly and humane.
- Measures to ensure that the immigration system is structured to address the needs of both state and national security.
- Efforts to enforce the law while welcoming immigrants who enter the U.S. through legal channels.
- Constitutional mandate for the federal government to protect and secure our national borders.
- Taxpayers should not be covering public benefits for illegal immigrants.

Utah's two recent immigration bills were signed into law to **underscore our people's solidarity against illegal immigration**. I am resolved to take the necessary action to:

- Uphold Utah's immigration laws SB81 and SB251
- Make the Department of Homeland Security's E-Verify program or similar enforceable Social Security verification system mandatory
- Require proof of eligibility to receive public benefits
- Secure our state and national borders

I will abide by the collective will of our people and uphold all constitutionally legal and reasonably enforceable measures to stop the flow of illegal immigrants into Utah for the protection of our people's rights, resources and security.

Now is the time to make a stand. The Governor is has called for a special session with the intent to water-down our signed immigration laws. Isn't this just another example of indecisive leadership in our state government?

PAID FOR BY RICHARD MARTIN FOR GOVERNOR

Now is the time for change in Utah's leadership. Our state government refuses to acknowledge that there are potential crisis at hand, yet the administration continues to repeat that it will “stay the course.” Now is not the time to sit back and let the future course of events dictate to us what will happen to Utah.

You do have a choice. Join me at the State Convention on May 8th to make your voice heard. Your vote will allow me get to the primary so that the issue of **illegal immigration is not ignored.**

If you should have any additional questions or comments, please feel free to contact me any time.

Sincerely,

Richard Martin
